

Part Description: Assembly Fan 110V ECM
UTBCJ1551ECH Assy
8" blade,CCW 30P(23191-P)
cord(A-25404)144" 115V

Borgen Part Number: 57278

UTAGF	50/75	1/15-1/10	230/50/60	65%	11" - 14"	1550

Cast iron bearing and housing for long life and reliability.

High capacity oil reservoir continuously supplies cooled, filtered oil thru the bearing.

Spiral grooved shaft is the heart of the positive pumping system, assuring thick film lubrication for extended bearing life.

Electronic control board programmable to customer selected speeds.
